Internal and External Analyses; Critical Issues

Internal Analysis:

1) Complete the following individually:

   a) What are our strengths?  
   B) What are our weaknesses?

2) Share your ideas with your small group. Discuss your thinking. Share your thoughts on chart paper.

3) We will discuss all of these ideas as a whole group.

External Analysis:

1) Within your small group, create a list of trends and events which are impacting our ability to achieve our mission. Again, please record these on chart paper and prepare to share your list with the whole team.

Critical Issues:

2) Within your small group, create a list of critical issues that we must address at this time. Again, please record this on chart paper and prepare to share your list with the whole team.
